## AMENDED IN ASSEMBLY APRIL 1, 2013

CALIFORNIA LEGISLATURE—2013-14 REGULAR SESSION

## ASSEMBLY BILL

No. 270

## **Introduced by Assembly Member Bradford**

February 7, 2013

An act to add Sections 589 and 747.6 to the Public Utilities Code, relating to public utilities.

## LEGISLATIVE COUNSEL'S DIGEST

AB 270, as amended, Bradford. Public utilities: ratepayer-funded energy efficiency assistance.

(1) Under existing law, the Public Utilities Commission (PUC) has regulatory authority over public utilities, including electrical and gas corporations. The Public Utilities Act requires the PUC to require electrical and gas corporations to establish various ratepayer-funded energy efficiency assistance programs. Under existing law, a violation of the Public Utilities Act or any order, decision, rule, direction, demand, or requirement of the commission is a crime.

This bill would require the PUC to require the electrical and gas corporations to cooperate in establishing, by June 1, 2014, a publicly available Internet Web site containing specified information regarding ratepayer-funded energy efficiency programs. Because a violation of this provision is a crime, this bill would create a state-mandated local program.

(2) Existing law requires the PUC to prepare and submit to the Governor and the Legislature an annual report on the costs of programs and activities conducted by each electrical and gas corporation.

This bill would require the PUC to include in that annual report information on its effort to identify and eliminate ratepayer-funded AB 270 — 2 —

energy efficiency programs that duplicate programs administered by other specified state agencies.

(3) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Vote: majority. Appropriation: no. Fiscal committee: yes. State-mandated local program: yes.

The people of the State of California do enact as follows:

- SECTION 1. The Legislature finds and declares all of the following:
  - (a) It is in the public interest to be able to measure the effectiveness of energy efficiency programs to ensure that the state's interest in achieving its energy efficiency and climate change goals are met.
  - (b) Over the past 15 years, California ratepayers and taxpayers have spent a combined total of roughly \$15 billion to support development of energy efficiency and renewable energy in California.
  - (c) California currently lacks a comprehensive framework that coordinates its efforts among programs administered by the Public Utilities Commission, the State Energy Resources Conservation and Development Commission, the State Air Resources Board, and the California Alternative Energy and Advanced Transportation Financing Authority.
    - (d) Current expenditures planned for energy efficiency in 2012–13 are \$1 billion, and, historically, \$9 billion have been expended for energy efficiency programs funded by California ratepayers.
    - (e) There currently exists an information gap that inhibits assessment and monitoring of the expenditures of ratepayer funds expended toward energy efficiency improvements and programs, and research, development, and demonstration programs.
- SEC. 2. Section 589 is added to the Public Utilities Code, to read:
- 589. (a) The In an existing or new proceeding, the commission shall require the electrical and gas corporations to cooperate in

establishing an Internet Web site available to the public that provides up-to-date information regarding ratepayer-funded energy efficiency assistance programs that include all of the following:

- (1) The types of energy efficiency measures installed.
- (2) The location of each customer receiving ratepayer-funded energy efficiency assistance without disclosing personal information about the customer.
  - (3) The amount of funds expended at each site.
- (4) The expected annual energy savings and reduced energy usage expected in-kilowatthour kilowatthours or therms.
- (b) (1) The commission shall order the electrical and gas corporations to establish, based on data, ratepayer-funded energy efficiency assistance program reports on program totals, geographical and monthly statistics, cost distribution, and progress toward program goals.
- (2) The electrical and gas corporations shall make the reports available on the Internet Web site established pursuant to subdivision (a).
- (c) The commission shall require the electrical and gas corporations to publish data, including the amount expended, on the ratepayer-funded energy efficiency programs that are not direct retrofits, including, but not limited to, research on building and appliance standards and marketing and outreach, on the Internet Web site established pursuant to subdivision (a).
- (d) The commission shall require the electrical and gas corporations to publish data on grants, contracts, subsidies, financing, and activities administered through the Electric Program Investment Charge established by Decisions 11-12-035 and 12-05-037, and related and subsequent decisions, to comply with General Order 156 of the commission.

31 <del>(e)</del>

(d) The commission shall take necessary steps to ensure the Internet Web site established pursuant to subdivision (a) is available to the public on or before June 1, 2014.

<del>(f)</del>

(e) The commission shall have a link to the Internet Web site established pursuant to subdivision (a) on the commission's Internet Web site and require the electrical and gas corporations to have a link to the Internet Web site established pursuant to subdivision (a) on its Internet Web site.

AB 270 —4—

1 SEC. 3. Section 747.6 is added to the Public Utilities Code, to 2 read:

- 747.6. The commission shall report annually on its effort to identify and eliminate ratepayer-funded energy efficiency programs that are duplicative of programs administered by the State Energy Resources Conservation and Development Commission, the State Air Resources Board, and the California Alternative Energy and Advanced Transportation Financing Authority in its annual report prepared pursuant to subdivision (b) of Section 747.
  - SEC. 4. This measure does not provide the Public Utilities Commission with any authority to order the collection of the moneys consistent with Decisions 11-12-035 and 12-05-037, and related subsequent decisions, or to increase the amount collected through the Electric Program Investment Charge (EPIC).
